Contents of *Preventive Veterinary Medicine*, Volume 60

Vol. 60 No. 1 **30 JULY 2003**

Special Issue: Global context, generic tools: Epidemiology for disease control on an international stage

Foreword 1

Science, politics and animal health policy: epidemiology in action
W.D. Hueston (College Park, MD, USA) 3

Associations between dogs that were serologically positive for *Rickettsia conorii* relative to the residences of two human cases of Mediterranean spotted fever in Piemonte (Italy)
A. Mannelli (Grugliasco, Italy), M.L. Mandola (Torino, Italy), P. Pedri (Cuneo, Italy), M. Tripoli and P. Nebbia (Grugliasco, Italy) 13

Risk analysis of the spread of classical swine fever virus through 'neighbourhood infections' for different regions in Belgium
K. Mintiens, H. Laevens (Brussels, Belgium), J. Dewulf (Merelbeke, Belgium), F. Boelaert, D. Verloo and F. Koenen (Brussels, Belgium) 27

A review of porcine reproductive and respiratory syndrome virus in Dutch breeding herds: population dynamics and clinical relevance
G. Nodelijk (Lelystad, The Netherlands), M. Nielen (Utrecht, The Netherlands), M.C.M. De Jong (Lelystad, The Netherlands) and J.H.M. Verheijden (Utrecht, The Netherlands) 37

Design and analysis of an *Actinobacillus pleuropneumoniae* transmission experiment
A.G.J. Velthuis, M.C.M. De Jong (Lelystad, The Netherlands and Wageningen, The Netherlands), E.M. Kamp, N. Stockhofe (Lelystad, The Netherlands) and J.H.M. Verheijden (Utrecht, The Netherlands) 53

Development of the Dutch Johne's disease control program supported by a simulation model
H. Groenendaal (Wageningen, The Netherlands and Kennett Square, PA, USA), M. Nielen (Wageningen, The Netherlands) and J.W. Hesselink (Deventer, The Netherlands) 69

Controlling *Echinococcus multilocularis*—ecological implications of field trials
F. Hansen (Leipzig, Germany), K. Tackmann (Wusterhausen, Germany), F. Jeltsch (Potsdam, Germany), C. Wissel and H.-H. Thulke (Leipzig, Germany) 91

A case control study of factors and infections associated with clinically apparent respiratory disease in UK Thoroughbred racehorses
J.R. Newton, J.L.N. Wood and N. Chanter (Newmarket, UK) 107

doi:10.1016/S0167-5877(03)00197-1

Vol. 60 No. 2 **8 AUGUST 2003**

Open status of pig-breeding farms is associated with slightly higher seroprevalence of F18$^+$ *Escherichia coli* in northern Belgium
F. Verdonck, E. Cox, B. Ampe (Merelbeke, Belgium) and B.M. Goddeeris (Merelbeke, Belgium and Heverlee, Belgium) 133
Perceived constraints to private veterinary practice in India
A. Sen (Ahmedabad, India) and M. Chander (Izatnagar, India) 143
Single versus double testing of meat-juice samples for *Salmonella* antibodies, in the Danish pig-herd surveillance programme
L. Ekeroth (Copenhagen, Denmark), L. Alban (Kjellerup, Denmark) and N. Feld (Copenhagen, Denmark) 155
The agreement in isolation of *Salmonella enterica* IIIb 61:k:1,5,(7) from rectal swabs, faecal samples and ileo-caecal lymph nodes from sheep
M. Sandberg, O. Alvseike, T. Nesbakken and E. Skjerve (Oslo, Norway) 167
Dam-related effects on heart girth at birth, morbidity and growth rate from birth to 90 days of age in Swedish dairy calves
G.K. Lundborg (Skara, Sweden), P.A. Oltenacu, D.O. Maizon (Ithaca, NY, USA), E.C. Svensson and P.G.A. Liberg (Skara, Sweden) 175

Erratum

Erratum to "How best to geo-reference farms? A case study from Cornwall, England
P.A. Durr and A.E.A. Froggatt (Surrey, UK) 191
Erratum to "Bayesian methods for estimating pathogen prevalence within groups of animals from faecal-pat sampling"
H.E. Clough (South Wirral, UK), D. Clancy (Liverpool, UK), P.D. O'Neill (Nottingham, UK) and N.P. French (South Wirral, UK) 193

Guide for Authors III

Vol. 60 No. 3 **28 AUGUST 2003**

Evaluation of herd sampling for *Salmonella* isolation on midwest and northeast US dairy farms
L.D. Warnick (Ithaca, NY, USA), J.B. Kaneene (Lansing, MI, USA), P.L. Ruegg (Madison, WI, USA), S.J. Wells, C. Fossler (St. Paul, MN, USA), L. Halbert and A. Campbell (Lansing, MI, USA) 195
Longitudinal serological responses to *Salmonella enterica* of growing pigs in a subclinically infected herd
P.A. Belœil, C. Chauvin, K. Proux, N. Rose, S. Queguiner, E. Eveno, C. Houdayer, V. Rose, P. Fravalo and F. Madec (Ploufragan, France) 207
Associations between leptospiral infection and seropositivity in rodents and environmental characteristics in Argentina
N.B. Vanasco, M.D. Sequeira, G. Sequeira and H.D. Tarabla (Santa Fe, Argentina) 227
Herd-level ELISA seroprevalence of bovine viral diarrhea antibodies in bulk-tank milk in Chilean dairy herds
P. Meléndez (Santiago, Chile) and A. Donovan (Gainesville, FL, USA) 237
Evidence for a new field *Culicoides* vector of African horse sickness in South Africa
R. Meiswinkel (Teramo, Italy and Onderstepoort, South Africa) and J.T. Paweska (Sandringham, South Africa) 243

Short communication

Seroprevalence of Johne's-disease infection in dairy cattle in California, USA
J.M. Adaska (Tulare, CA, USA) and R.J. Anderson (Modesto, CA, USA) 255

Vol. 60 No. 4 **12 SEPTEMBER 2003**

Book review
Veterinary Epidemiology
V.J. Adams (Newmarket, UK) 263

Transmission and control implications of seroconversion to Maedi-Visna virus in Basque dairy-sheep flocks
E. Berriatua, V. Álvarez, B. Extramiana, L. González, M. Daltabuit and R. Juste (Bizkaia, Spain) 265
Prevalence estimates for paratuberculosis adjusted for test variability using Bayesian analysis
G. van Schaik, Y.H. Schukken (Ithaca, NY, USA), C. Crainiceanu (Ithaca, USA), J. Muskens (Deventer, The Netherlands) and J.A. VanLeeuwen (Charlottetown, Canada) 281
Epidemiology of ovine brucellosis in Awassi sheep in Northern Jordan
A.H. Al-Talafhah, S.Q. Lafi and Y. Al-Tarazi (Irbid, Jordan) 297
Risk factors for fecal shedding of *Salmonella* from horses in a veterinary teaching hospital
C.A. Alinovi, M.P. Ward, L.L. Couëtil and C.C. Wu (West Lafayette, IN, USA) 307
Benefits of prophylactic gastropexy for dogs at risk of gastric dilatation–volvulus
M.P. Ward (West Lafayette, IN, USA), G.J. Patronek (Grafton, MA, USA) and L.T. Glickman (West Lafayette, IN, USA) 319

Contents of *Preventive Veterinary Medicine*, Volume 60 331
